Board of Trustees Election

Three Trustees terms of office expire this year. Those up for re-election are John Sprofera, Maryann Riotto and Carl Hart. John currently serves as Vice President, Maryann serves as Secretary and Carl serves as Treasurer. Also running for a seat on the Board is John Meyer. His resume is attached to this newsletter.

All the above will have had an opportunity to give a 5 minute presentation of themselves at the May Residents Club meeting on the 8th and the Trustee's open meeting on May 25, 2017. The election of Trustees will be held on June 5th from 9:00am till 12:00 noon in the clubhouse auditorium. Applicants are elected as a Trustee and not for a specific office on the Board. The offices for each Trustee are determined by a vote from within the members of the Board.

There are currently 31 homes listed for sale on the Multiple Listings Realty website in this village. The current listings range in price from \$27,900 to \$69,900.

HOPA forms...

Every two years we all have to sign HOPA forms to have on file in order to prove that our residential status is within the guidelines to be considered an adult community. It's that time again. The form will be included in next month's newsletter, so fill it out and return to the Trustees office.

Play Horse Shoes

The Village has installed a new horse shoe pit and it's ready for play. The pit is located between the shuffleboard, bocce courts and the pond. Come by, bring a friend, toss a few shoes. The equipment for the pits will be stored in the bocce ball locker.

Surveyors Stakes...

We are in the process of surveying the village. Please do not disturb any stakes placed in the ground around your property...

Maintenance and Repair Payments-
To avoid late fees and ensure your maintenance and repair payments are processed in a timely manner, please be sure all payments are sent or given to the Trustees Office ONLY!! Thank you for your cooperation.

Reps Needed !!

We are always in need of a new face or two to help fill out the "Rep" contingency. If you can help and have a few free hours each month, give the Trustees office a call. Tell them you would like to help. We'd love to have you on board and your neighbors will be happy too.

Tree Planting

Spring is here so now would be a good time to remind everyone that if you're planning to plant a tree or shrubs, there are rules for planting. No property boundary lines are to be formed. They must not block line of vision from intersections or driveways etc. All requests for such plantings must be submitted to the Board of Trustees for approval. See rule # 12 of Rules and Regulations.

Name: John Meyer
Address: 143A Azalea Drive
Whiting, NJ 08759
DOB: February 8, 1957

The following is a brief summary of my work history, personal journey and accomplishments.

I was born in Jersey City, NJ and moved to Toms River, NJ at the age of six. I remained in Toms River until January 6, 2017 when I relocated to 143 A Azalea Drive, Whiting, NJ.

I graduated from Toms River High School North and attended Ocean County Community College. From 1978 until 1991 I owned and operated an Exxon service station. In my capacity as a business owner, I served the surrounding community. I interacted with customers' and vendors in the immediate and metropolitan Toms River on a daily basis.

1992 - I was employed at Toms River Lincoln Mercury as an automotive technician. During my tenure at Toms River Lincoln Mercury, I had the privilege of working with customers as part of my daily routine. This position required that I listened to customer's concern regarding their automotive purchase. It was my job to resolving any concerns that they had and to secure their satisfaction so that they would return to TR Lincoln Mercury for future business.

2000 - I moved my skills to Causeway Ford where I lead a team of four technicians requiring me to judge their talent and personality and to determine each member's daily workload based on my evaluation of their skill sets.

2006 - I moved to a customer relations engineer position. This required me to drive with customers, listen to and resolve their concerns. This position was created to improve the communication between the customer, service writer, and technician so that information was not lost or misinterpreted. I was able improve customer relations by effectively communicating directly with the customers .
