# MAINTENANCE

### Total Maintenance Work Orders for March — 300

An issue that the Maintenance Department has been dealing with on a more regular basis recently is our cat population. We have been seeing more and more of these feral cats out and about. It is a bad enough situation with them loitering around the exteriors of the buildings, but we have been seeing an increase of residents feeding and housing the cats...and even allowing them access into the crawlspaces. Opening up the crawlspace covers and/or the crawlspace vents is **NOT PERMITTED** under any circumstances. When the cats are allowed into the crawlspaces they cause several issues, biggest of which is the hazards they present to the health of our residents. The cats use the crawlspaces for protection and for use as their own personal litter boxes. The smells from these activities can create odors inside of the living spaces and for those with respiratory issues, it's an even bigger problem. It is a lengthy and expensive process in most cases to remove them in the first place. Then additional costs are incurred to clean, deodorize and to install new vapor barriers in these buildings. The money to remove and clean the crawlspaces comes from the Village's operating budget and it is a cost that can be avoided. It is important that you the residents help us to avoid this situation in the future, by not opening the crawlspaces (this is the property of the Co-op) and if you see a crawlspace cover or crawlspace vent open, report it immediately to the Maintenance Department so that we can help to minimize the damage that is caused from these feral cats.

Thank you,  
Maintenance

**Resume for Election to Board of Trustees CV1**

I was born in Staten Island, New York, and grew up in suburban Connecticut.

I have a diverse work history that includes:

Becoming an **Interior Decorator** in the 1980's, and working on bids and projects in the contract building field regarding interior finishes for residential and commercial installations [i.e. floors, walls, windows etc.].

My occupation provided me with a working knowledge in planning and costs related to large building construction and renovations.

I later opened a **custom drapery workshop** which enabled me to work flexible hours while raising two sons, and I learned how to run a successful small business enterprise.

Moving to New York City in the mid 1990's, I earned a degree as a **Litigation Paralegal** working in the Intellectual Properties [IP] field pertaining to patents and trademarks.

I became a **Licensed Private Investigator** in 1999, focusing primarily on missing person cases, and those relating to patent and trademark disputes.

My work skills included extensive searches of public records, interviewing witnesses, taking depositions, evidence gathering, legal writing, and developing case strategies.

I moved to Crestwood Village in 2015. I like keeping busy. Currently, I have the pleasure of serving as Vice President of the Residents Club, and as a neighborhood representative.

My hobbies include working on my quad, and writing.

I believe that my positive attitude and willingness to listen, as well as my career experience and capabilities will be an asset to the Board of Trustees, and I welcome the opportunity to serve the village community.

**I am asking for your support and your vote in the upcoming election.**

Sincerely,

Maryann Gatti
