From the Board of Trustees

First and most important item in this newsletter this month is a letter inserted inside regarding the 55+ community way of life as we know it. It refers to BILL S2425 which has just been passed in the NJ Senate and is on FAST TRACK to go to the Assembly for approval.

Written by Councilwoman Judy Noonan from Berkeley Township, READ IT, call the listed numbers, send emails, let our officials know this is wrong as she suggests.

DO IT NOW!!!

Recycling...

This article is being written on Saturday August 24th. There are two residents that have put recyclables out for pick up on the previous Thursday and are still lying at the curb. This week was not the pick-up week for recycles. You must check the newsletter which gives you pick up dates. **If they're left at the curb to make a MESS, you will be assessed a fine.** Your neighbors don't want to have to look at that mess for days or weeks. **One of the two residents who put pick-up out on the wrong week also**

had Bulk items such as lawn chairs. **SUCH ITEMS ARE NOT RECYCLABLE!!**

HOPA Forms...

If you haven't filled out your HOPA (housing for older people act) form yet, **DO IT NOW** and drop it at the Trustees office. We need these filled out every two years and on file to be able to keep our status as a 55+ community. Do it while it's fresh on your mind and avoid someone knocking on your door for it.

Village 1 Yard/Garage Sale

Included in this Newsletter is a form for you to complete and return to the Trustees office if you'd like to participate this year. Fill it out and return to the office along with a \$5.00 fee to help cover costs of advertising, signs, balloons etc. **Sale date this year is September 21st (Rain date Sept 22nd).** Form and fee must be submitted by September 13th in order to be listed on our map as a sale site w/balloon.

Homes for sale in Village 1...

Currently there are 26 homes listed on the Multiple Listings Website for sale in this Village. They range in price from \$25,500 to \$105,126.

RULES

Crestwood Village 1 Rules & Regulations

Amended 06/27/2019

Obey the Rules or Pay the Fines

1. NO parking at any time in front of **Mail Boxes** or **Fire Hydrants, Sidewalks** or **On Grass**. On street parking is permitted overnight on Village Streets and Courts except during the time of an impending snowstorm.
2. All properties shall be accessible at all times to fire and ambulance equipment.
3. Speed limit in the Village is twenty (20) miles per hour. All **STOP** signs at intersections **MUST** be observed.
4. House and boat trailers and other detachable trailers or motor homes shall not be parked on any Co-op property, street, court or driveway, except during limited period for loading and unloading purposes not to exceed 4 hours. Such vehicles must be parked in the lot provided for this purpose. If this lot is utilized, the vehicle must be registered with the Trustees Office.
5. No unregistered or inoperable motor vehicle shall be stored in any residential lot or elsewhere within Crestwood Village Co-Op, Inc.
6. Cars must be parked head-on in unit parking areas to eliminate the possibility of exhaust fumes entering the apartments.

August 1, 2019

Dear Community Trustees,

On July 18th the Town Council approved a contract with Constellation New Energy that will provide electricity to our residents for the next two years beginning October 1st, 2019. The contract is in accordance with a NJ State Energy Aggregation program which allows municipalities to award competitive contracts to electricity providers that are approved and licensed by the State Board of Public Utilities (BPU). The program also has several built-in safe guards for municipal residents who participate.

Many of our residents participated in our first Township-wide third-party provider contract that over the past two years saved our residents over \$4 million. However, there are a number of new residents who were not aware of the Manchester Energy Aggregation program and others who did not join the program, fearful of getting stuck in a long-term agreement that raised prices after several months. Consequently, many of our residents remain with Jersey Central Power and Light Company (JCP&L), even though these third-party companies can offer electricity at a discount from JCP&L. The combination of State rules and the Township terms and conditions in the new contract should put everyone's mind at ease. Also, the guaranteed savings should put a smile on every JCP&L customer's face.

While JCP&L changes their rates over the year, their annual electricity rate is approximately 9.05 cents per Kilowatt Hour (KWH) used by its customers. The rate Constellation New Energy has offered to Manchester is 8.11 cents per KWH, which is 10.5% less than JCP&L's rate. Our contract with Constellation New Energy is for two years and will stay at the 8.11 cents per KWH for the life of the contract. The only way this price will change, is if the Federal or State legislatures pass a new law that increases the current electricity tax, which would also increase JCP&L's rate. Throughout the entire contract, JCP&L is still responsible for the lines bringing the electricity to your homes and your monthly bills will still come from JCP&L. If any resident should wish to stay with JCP&L, they can do so with a simple phone call at any time, and with no penalty.

The Mayor and Council are aware that you and your residents most likely have questions about this program and how it may affect their service. Detailed information will be mailed to each homeowner that qualifies for this program in early August with an option to opt-out of the program. There will also be additional information available on the Township's website www.manchestertwp.com and in the local newspapers. You can also request an information meeting to be held at your village where your residents will have an opportunity to have answers to their questions about the program. These meetings can be scheduled from now until August 21st, by calling the Town Clerk's office at (732) 657-8121 ext. 3200. The meetings can be scheduled in the morning, afternoon or evening.

Joan Brush
Council President

Sam Fusaro
Council Vice-President

MAINTENANCE

MINUTE

Total Maintenance Work Orders for Last Month — 477

As a result of several crawlspace inspections completed by the Maintenance Department, this month's topic is related to air conditioners and the proper installation of them. Recently, we have seen several units where a central air conditioning unit was installed in the past and the associated condensation lines were run directly into the crawlspaces. In most cases this is not a drop every once in a while, but a steady stream when the air conditioning units are running all day, every day. For those that were present at our March Resident Meeting, one of the topics that was discussed was the importance of keeping excess moisture out of the crawlspaces due to the negative effects that it could provide to the crawlspace and potentially the interior living space if left unattended. In many cases, you will have either an encapsulated crawlspace or a vapor barrier in your crawlspace that will hold the water and will create musty odors and the formation of mildew on the floor joists, hanging insulation and will cost the Board money to repair these related issues.

Moving forward for central air conditioning related installations and/or repairs, contractors are not permitted to install the condensation lines to drain directly into the crawlspaces. The condensation lines must be designed to drain to the exterior of the buildings. For those with existing condensation lines draining into the crawlspace, they will receive a letter from the Board of Trustees directing them to correct the issue by contacting a HVAC company... the Maintenance Department will not perform any repairs directly related to the central air conditioning units. If this issue is not resolved in a timely manner, penalties and fines could be assessed to

you. For those residents that are looking to install new central air conditioning to the unit, it is expected that you direct the contractor to run the condensation line to the exterior. Again, if the condensation lines are improperly installed to drain into the crawlspace, penalties and/or fines will be assessed.

While we are here discussing central air conditioning related issues, I would like to touch on the installation of wall unit air conditioning units. Driving through Village 1, there have been several improperly installed wall unit air conditioners. There is a specific make and model which the Trustees Office have approved in an attempt to simplify repairs and replacements. A number of units have been observed with window unit air conditioners installed through the walls (results in leaks and damage to sheetrock, flooring and baseboard heaters) or window units hanging from their windows (not allowed per the Board of Trustees) or installing the wrong sized air conditioning units for the existing sleeves and packing them with "stuff" to prevent excess drafts (the sleeves are the metal exterior part of the air conditioning unit that gets mounted in the wall to provide protection to the structure and to prevent water, pests and damage from entering the interior of the unit). Letters will be sent out to the residents with these improperly installed wall air conditioning units directing them to remove or replace. The Maintenance Department can assist with the removal and installation of the correct make and model wall air conditioning units.

If there are ever any questions or concerns please contact the Village 1 Maintenance Department.

Thank you,
The Maintenance Department

Ceramic Club

Halloween, Thanksgiving and Christmas are just around the corner. It's a great time to come join us and make some Gifts and Decorations for all three holidays. How great would it be to give your friends, relatives, children or grandchildren something you made that they would treasure and remember you by every Holiday to come! Janet is our teacher and she is always there to help. Come enjoy some coffee and snacks along with pleasant conversation. Our class is Tuesdays' from 8:30 am to Noon in Friendship hall. Everyone is welcome to come and check out our group at the clubhouse, downstairs in the activity room on Tuesday mornings.

L. Just, Secretary

Craft Club

Craft Club meetings for September will be on the 2nd & 4th Wednesday of the month. Held in the "A Room" of the clubhouse, 10AM to 12PM.

Tricky Tray

The Resident club is having a small tricky tray auction as a fundraiser at our November meeting and are looking for new items that you do not want and would like to donate to our auction. If you have any items to donate call Lu-Ann @ 732 408-5792 or bring to the September meeting.

GOLF CLUB NEWS

SEPTEMBER 2019

Our September meeting is scheduled for September 19th. If you aren't a member, join us for the fun. We meet on the third Thursday of each month at 12:30pm January thru November.

The regular monthly Outing and 19th Hole for September is scheduled to be played on Saturday, September 14th. Tee time is 10:00 am, with the 19th hole to follow. The Crestwood Cup will be contested on Saturday the 21st first tee at 8:30 am, reception to follow at 12:00 noon.

The Clubs annual trip to Resorts Atlantic City is scheduled for Wednesday, October 16th. Tickets are on sale in the library Tuesdays from 9:00 am to 11:00 am. Cost is \$30.00 per ticket with \$25.00 in slot play from Resorts. For more information contact Linda Nora @ 732-350-5570

Also, on Saturday, October 12th, the Golf Club will be holding its annual Flea Market. Tables are available for \$10.00 each, available in the library on Tuesdays between 9:00 am & 11:00 am. For more information contact Russell Just @ 732-408-5792.

The golf club is always looking for new members. Experienced golfers, beginners or non-playing social members just looking to enjoy themselves. So come on out and join the club.

HOPA Survey (Housing for Older People Act)

The HOPA provides housing for older persons and is intended for occupancy by at least one person 55 years of age or older per unit. It requires that periodically information must be collected and verified with the age of all residents. If a survey is not completed, the senior housing community could lose its housing status.

It is mandatory that this survey be completed and filed with the Co-Op office.
