Trustees Notes...

I hope everyone had a blessed Christmas and a Happy New Year! We are all hoping that 2021 is a much better year for everyone.

Thanks to everyone who lit up the Village for Christmas. All the decorations were beautiful! Everyone is a winner.

Please keep in mind, with the cold weather, keep curtains, furniture and debris away from the radiators to prevent a fire. Pull sofas out a bit, hem the curtains if need be. We want everyone to stay safe.

I would also like to remind everyone to be considerate and pick up after your dogs. The grounds are common for all to walk on and some of our residents pay a lot of money for a lawn service. Not only is there a Township ordinance, the Board of Trustees also has the right to issue fines for not picking up. Most of us do pick up and we ask you remind your neighbors to pick up if they forget to.

We have initiated vehicle towing as of January 1st. Please remember, unregistered, inoperable, abandoned or illegally parked vehicles will be towed. We will be towing abandoned vehicles that have been left in our small overflow parking area.

Our Village representatives have taken over the task of delivering the Village Sun to all. We would like to thank them for all that they do for us.

We would also like to thank Coleen Mattiacci. She took over as Editor of our monthly newsletter some time back. She has done such a good job with this, adding several items of interest to all and arranging it beautifully. She works directly with the printer every month to get this done for us. Thank you Coleen!

We are looking for Representatives. If you have a few hours per month to deliver newsletters and the Village Sun along with yearly coupons and budgets. We ask our Reps to be the eyes of the Village. If you can spare the time, please contact the office and leave your name and number. Someone will get back to you.

Until next month,

Sonnet to Snow

The winter storms with freezing blasts of snow
Have not arrived. Men wait with shovels propped,
Boots at the ready, snow ploughs set on “GO,”
Yet sun shines down on fields of dormant crop.
The Brook, ice melting, wanders through the fields,
Conversing with the stones that hug her shore.
“Well, I don’t know what’s happening,” she says,
“But if this warmth persists, I’d love some more.”
The tiny field mouse, basking in warm rays,
Hears her remarks, and tells his good friend Hare,
“Miss Brook is right. I’ll bet it stays this way.”
But Hare, so sly, says, “Wait another day.”
“You wouldn’t want to jinx your bet, you know.”
Next day, at dawn, the fields were filled with snow.

THE FALCONS ARE NO MORE!

The center has fallen.
The falcons are no more.
Vultures circle the sky, descending in tightening spirals to the wasteland below.
The dead and the dying, the corpses and the carrion.
They litter the barrens as far as the scavenging eyes can see.
A feast of demonic proportions.
Spiritus Mundi cross our sight! Spiritus Mundi give us a vision!
The second coming!
Save us from ourselves!
The second coming, where is the second coming!
The created have forgotten their creator!
They have gone mad with their achievements.
They build towers of Babel stretching into the heavens.
They glory in their creations.
They dare to create their own Logos, conscious from matter.
Spiritus Satanae! It will devour us all

From My Front Window

Today's subject, Dogs.

Over the past few months I've observed many different things when the dogs walk their owners.

First there are many different size dogs in my neighborhood, ranging from about 1 lb. to approximately 150 lbs. They all appear to be a happy and friendly lot except for a few of those 1-5 lb. yappers. You know the ones, they want to rule the world a la Napoleon! I find it most amusing when they confront one of the very docile larger dogs. These dogs could take off running and have their owners sailing in the wind behind them hanging onto the leash. But instead they are content stroll along on their walk simply ignoring the little yappers.

Their walking styles are as varied as their breeds. They prance, they dance, they stroll, and they trot. As unique as they are by breed and walking style they all stop at the fire hydrant to let their presence be known. I also admire their dedication, for like mailmen, neither rain, sleet, snow or dead of night will prevent them from making sure their owners get their daily exercise.

That must be why we call them man's best friend.

Just Wondering...

We have just emerged from what I call the "Silly Season". You know, Election Time. That's the time when all of the candidates let us know that all of their opponents are criminals, thieves, ethically challenged or not moral enough to hold the office they seek. If you actually believe what they are selling, we should not be voting them into office, we should be sending them into exile on a deserted island in the Antarctic Ocean (but why punish the Penguins)!

But I digress.

I really wanted to talk about the way people ask and answer questions. For example;

Interviewer: Mr. Smith, you have been accused of stealing widgets from the poor widow women's retirement fund. Did you do it?

Mr. Smith: Let me make one thing abundantly clear. The PWWRF is a fine organization devoted to providing widgets to the needy. They are high quality widgets that are highly regarded and eagerly sought after. I support their efforts and hope they will continue to make their widgets for decades to com.

Interviewer: Thank you Mr. Smith.

What???? Don't you wish that the interviewer would have instead said to Mr. Smith "What the @\$%& kind of answer was that! ANSWER THE QUESTION"!

When will we see that happen?

Just Wondering...

MAINTENANCE

MINUTE

Hello Residents of Village 1:

Happy Holidays Residents of Village 1! I hope you, your families and everyone you might know are safe and healthy during these very trying times. Just as a reminder the Maintenance Department is still operating under our regular full-time schedule, but we are limited to responding to interior emergencies (heating, plumbing, electrical, roof leaks) and exterior work as weather permits.

With the temperatures dropping and the threat of snow on the horizon, I figured this is as good a time as any to talk about the guidelines for when the white stuff starts falling and how Crestwood Village 1 manages the work associated with plowing and snow removal. The procedure and information provided below comes from the Board of Trustees. The biggest things we can request is that all residents stay inside when the street and driveway clearing is underway and to please, please exercise patience and understanding during these times.

Special consideration for priority clearing will only be arranged for medical appointments and out-patient treatments. You are required to provide the Trustees Office a copy of your doctor's name, phone number and time of appointment on a doctor's letterhead stating treatment dates and times. After verifying the information provided, the Board of Trustees will authorize and prioritize the clearing of these units. The Board of Trustees will not make special arrangements for those that are employed, it will not entitle you to priority snow clearing. Please do not call the Maintenance Department to request individual attention, the only people that can authorize priority snow plowing are the Trustees.

- Roads will not be plowed until there is 3" of snow accumulation on them;
- When icy conditions are observed, ice melt will be applied to the roads;
- **NO** on-street parking for impending snow storms. Parking on the grass is not acceptable.
- If you do leave your vehicle on the road during plowing activities, you will be plowed in. If you require assistance to clear your vehicle out, you will be assessed a \$60 charge for this service;
- Residents are not to push, shovel, blow or deposit snow onto village roadways;
- When the roadways are made passable, the Maintenance Department will begin to clear driveways and sidewalks;
- Duplex driveways will be cleared and treated as sidewalks;
- Quad driveways will be cleared by pushing the snow forward or to the side when available, depending on the position of the unit;
- Sidewalks will be cleared as soon as possible, depending on man-power available;
- Keep a bag of Ice Melt on hand for your steps and sidewalk area;
- The Maintenance Department has 10 pound bags of ice melt available, 1 bag for \$4 and 2 bags for \$7; and
- **THERE WILL BE NO DEVIATION FROM OUR SNOW REMOVAL PROGRAM.**

Your Maintenance Department,
Chris Peschock

Shoot Without Flash

When shooting indoors everyone's first thought is to use a flash. While this is often a good move, shooting indoors without a flash can produce some very interesting images.

Using the natural light will enhance many images. Someone in the glow of a candle is a good example. Using a flash in this case will overpower the golden glow of the candle. This is also true of shooting an event on stage. A flash will eliminate the stage lights and create harsh shadows

Many of these shots will have a slow shutter speed, so you may need some additional camera support. If you don't have a tripod, try leaning against something, placing your elbows on a firm support, and using the self timer.

That's it for this month. As always you can send an email to bill@kirmsphotography.com. Visit www.kirmsphotography.com if you'd like to see more of my images.

Keep shooting to improve your images, but most importantly, have fun with your camera.
