# Village Happenings...

Good day to everyone! There is a lot going on in the Village office. We are preparing for our yearly Trustee Election. This year, 3 Trustees are up for re-election. Postcards will be mailing shortly with information. We are in the very early stages of Budget Prep for the upcoming fiscal year. As of this writing, we are anticipating a good turn out and tax questions for our Mayor and Tax Collector who were scheduled for our March Open Meeting. Hopefully, I saw you there. We are beginning our biannual collection of updated HOPA forms. There is one in this newsletter and we ask everyone to please complete and return to our office. We are required by the State to have these completed to preserve our status as a 55+ community. Real Estate, after 2 slow months, has picked right back up again. We are assisting and filling out forms for you to submit with your PTR applications. It's a busy time of year for us.

I would like to mention, with the installation of new roofs, we are removing solar tubes. They are no longer permitted as they will void our warranties. We also have specific guidelines for installing a satellite dish. They are permitted but not on the roofs. You will receive the guidelines when permission is requested. Please be sure they are placed properly as you will be responsible for the roof repair if you allow it to be placed on the roof.

Wishing everyone a beautiful Passover and Easter Holiday!

Until next month,

## Manchester Coordinating Council *meeting minutes 2/27/23*

Guest speaker Mayor Robert Arace was introduced. One of his priorities is preserving the rural and suburban character of our town. The Mayor announced that at the Township meeting, a resolution will be passed in support of the county land trust; 451 Wranglebrook Rd of 42 acres preserving this piece of property forever.

The Mayor feels the communities on this side of town including Whiting has very little representation. For assistance, you always have to go across town for services. Judy Noonan is now the aid for the Mayor as the senior communities liaison. She will soon be stationed in an office at the Whiting EMS building. At this time she is working out of the town-hall office. The other side of town has direct access to the county buildings in Manchester. In the future the mayor plans to give the senior services representation at the Whiting EMS building.

An ordinance was introduced at the town council meeting regarding rental increases. The Mayor explained different scenarios of this topic. The Mayor discussed rental increases. An ordinance was introduced at the town council meeting. He explained the different scenarios of rental increase issues. Xfinity contract was discussed. Judy Noonan and the Mayor just met with them. In the contract, some rate increases are negotiable some are not. The Mayor responded to questions that came up regarding Heritage minerals. Pipes on Route 539 are county work going on. The Mayor is having discussions with Xfinity to have township meetings recorded. He encourages everyone to attend these meetings. Manchester town council meetings are on the 2nd and 4th Monday. The planning board meets the first Monday of the month, the Zoning board meets 3rd Thursday, and the Environmental Commission meets 4th Tuesday at Town-hall School-board every 3rd Wednesday, meeting at the Middle school on Route 571. All this information can be found on the Manchester township website.

The bills are still sitting there. The petitions etc helped, and got their attention She explained underage; the 20% under 55, and what the Board of Realtors is pushing. The Realtors won but this is being appealed.

We thanked Councilman Jim Vaccaro for replacing the beautiful clock that the Cokes family donated to Whiting in front of the ball field years ago.

The Barn will be a guest speaker in May, their grand opening is Friday, March 17.

## MAINTENANCE minute

### Happy Spring Village 1!

Total Work Orders (past 30 days) = 175

I hope everyone is doing well! Building on last month's article, I would like to talk about solar tubes/lights and satellite dishes. The Crestwood Village 1 Co-op have made the difficult decision to no longer allow the installation of solar tubes/lights into any of our buildings. These solar tubes/lights are notorious for causing issues in the Co-op's roofs; including but not limited to, leaks from old tubes, leaks from poor installations, and condensation from the solar tubes damaging ceilings. You will see some roofs (new and old) that have them, but from this point forward, SOLAR TUBES/LIGHTS ARE NOT PERMITTED IN VILLAGE 1. Existing solar tubes/lights on new roofs will be permitted to stay.

For as long as I can remember, the installation of satellite dishes through the roof surface material has never been allowed. Residents are required by the Crestwood Village 1 Co-op By-Laws and Rules and Regulations to submit a permission request form for the installation of satellite TV dishes. When a permission request form is sent in, you would be provided instructions to provide to the installer. If the instructions provided are not or cannot be adhered to, then the dish must not be installed. If it is, then the Co-op reserves the right to remove them at the owner's expense.

Both of these items are costing the Co-op money in terms of repairs (roof, attic and interior living space) and time spent to address. The Co-op will potentially be identifying units with improperly installed satellite dishes and sending letters to each requiring the dishes be relocated and installed as the Co-op has prescribed.

Thank you,  
**Your Village 1 Maintenance Department**

## KIRMS PHOTOGRAPHY Flower Photography

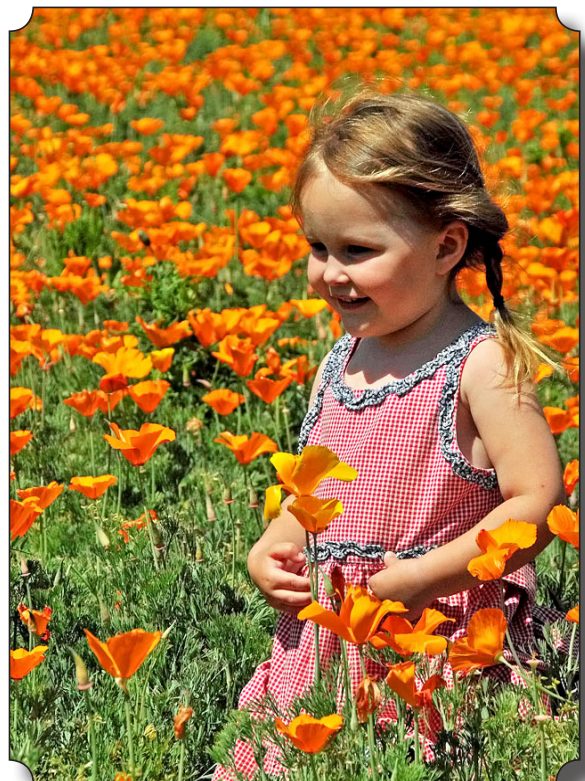

Spring is here and with it the annual flower explosion! Here are a few things you can do to make your flower images have more impact.

Get low and shoot the flowers at their level. If you can isolate an individual bloom against a plain background it will have more personality.

When shooting a flower bed, try to highlight a portion of the bed. Always shoot from a few different angles to see how the light changes the look of the flowers. Try getting some shots with the light coming from the front, side, and back if possible. If the flowers are against a wall or building, you can insert a plain background (such as a large card) to make the image look more professional. Don't forget flowering trees and shrubs.

If you have a field of flowers inserting a person (especially a grandchild) will add interest to the shot. Don't forget your rule of thirds!

That's it for this month. As always you can email me at [bill@KirmsPhotography.com](mailto:bill@KirmsPhotography.com) with any photographic questions. See more of my images you can visit my site at [www.KirmsPhotography.com](http://www.KirmsPhotography.com). Remember to keep shooting and trying to improve your images, but always have fun with your camera.

## HOPA Survey (Housing for Older People Act)

The HOPA provides housing for older persons and is intended for occupancy by at least one person 55 years of age or older per unit. It requires that periodically information must be collected and verified with the age of all residents. If a survey is not completed, the senior housing community could lose its housing status.

It is mandatory that this survey be completed and filed with the Co-Op office.
