Village Happenings...

I can't believe the summer is coming to an end already. Time just gets away from us. Our clubs are resuming activities this month, hopefully, you join the events. Details are included in this newsletter.

We want to bring to your attention that solicitors are not allowed in the Village. If they knock on your door, please do not give any information. Some claim to represent JCP&L. They are another company trying to scam our Residents and change your electric provider to them. They are extremely expensive and you are stuck with the bill. They have gotten several of our Residents. They are not allowed in our Village but we can not stop them. Please get the license plate number if possible or the name of the actual company and supply it to the office. There is usually a van that drops off a bunch of solicitors so a license plate may be out of the question. We just ask you to let all your neighbors know. Tell them they are not permitted in the Village and shut the door on them. You can call JCP&L and ask them to put a passcode on your account so no one can do anything without that code. Just don't forget your code!

Our dog park, Sofia's Park is now open! Although the entire area is not completed, we hope to see your dogs enjoying the area. The fenced-in area for the dogs is quite large and shaded. Bring some toys and let them run around. We are already seeing a lot of people bringing their dogs to the park to enjoy some doggie socializing! Make sure you bring some water for them. The area is treated for bugs so they should not be a problem. You can access the park by either driving down Washington Street, right by the clubhouse. Turn right just past the golf shed. You can park there and walk down or you can park at the clubhouse and walk around the back, past the picnic area to the park.

Our yard sale is on September 16th with a rain date of the 17th. If you haven't already, get your forms with payment to the office to participate. We will be having our Annual Shareholders Meeting on Monday, September 18th at 10am. Our Accountant will present our fiscal year ending June 30, 2023. You can hear about our Village finances and know where we stand. Your Representative will be delivering the financials shortly. Please bring them to the meeting for an explanation. We are also excited about a Halloween gathering we will be having on October 28th! This will give everyone a chance to spend time with their Grandchildren and see their costumes. We will have some games, music, and of course, candy! An RSVP form is attached so we can plan on how many attendees.

Until next month,

Nancy DeNoia

Tick Safety Information from Rutgers University, New Jersey Dept. of Health and the CDC

When are ticks active and how do tick-borne diseases spread?

Ticks could be active year round with peak times listed below.

Tick-borne diseases are not spread between two people, but rather rely on ticks for transmission.

What are the symptoms of tick-borne diseases?

Early signs of tick-borne diseases generally include:

Skin rash, general tiredness, fever, chills, headache, stiff neck, muscle aches, joint pain, and/or dizziness.

How are tick-borne diseases diagnosed?

It is important to watch for symptoms, talk to your healthcare provider and be sure to let them know you had a tick bite. If you've been bitten by a tick, early treatment can be very effective.

How can tick-borne diseases be prevented?

Anyone who is bitten by an infected tick may get a tick-borne disease. Helpful hints include:

- Take extra precautions in the summer when ticks that transmit diseases are most active
- When outdoors, apply EPA-registered insect repellent on exposed skin and clothing according to the instructions on the product label. DEET, picardin, and oil of Lemon Eucalyptus may be used on skin. Permethrin should only be used on clothing and outdoor gear
- Cover up; wear long, solid and light colored clothing with pants tucked into socks. Perform tick checks
- Safely remove any found ticks

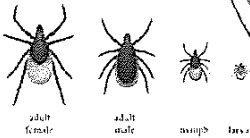

Where can I find more information about tick-borne diseases?

MAINTENANCE

MINUTE

Hello, Residents of Village 1!

Work Orders Completed (past 30 days) = 265

Recently, we have seen an increase in residents utilizing state-funded utility assistance programs to help in getting some projects and work completed at their units. These state-funded energy companies typically are working for people that are considered lower income and require residents to apply to see if they qualify. These companies provide an amazing service and the process from beginning to end can take several weeks from application to work being completed. The Crestwood Village 1 Co-op (Co-op) understands the financial hardships that affects everyone differently and therefore does allow residents to apply at their own discretion.

The only issue so far that the Co-op has with these programs and this type of work is the absolute lack of notification provided to the Co-op by these companies or the residents. More times than not, the Co-op has absolutely no idea of any work being done in Village 1 until the companies are at the unit performing the work. Just like any other subcontracted work, if notification was not provided and approval is not granted, the job can be shut down for rescheduling at a later date. Contrary to what is being told to the residents by these companies providing the service, they absolutely DO NOT have the authority to do what they want, when they want. These buildings and individual units are still the property of the Co-op and therefore are entitled to know what is being done and when. As many of you know, these buildings are around 60 years old, and sometimes the good you did in one location of the building can have a negative effect somewhere else. Since notifications are in general not being provided, the Co-op does not have the ability to track what repairs are being completed and if the work being completed is being done properly by completing follow-up inspections.

Plain and simple, any work that you are planning on completing with the use of a subcontractor, requires notification to the Trustees Office prior. Fill out a Permission Request Form and get it submitted or place a call to the **Trustees Office (732) 350-1818** or the **Maintenance Office (732) 350-2202** to see if any additional information is required.

Elaine Orzechowski, a veteran of the Jersey Shore music scene, having been a part of numerous bands/trios/duos and even a stint as a party DJ over the years. Performing in several country rock/southern rock bands she developed a love for harmony-driven country-tinged music. As a solo performer, Elaine specializes in singing classic country and country rock songs, but also includes acoustic versions of favorite pop/rock/folk songs from the 50's through today's music. You may have heard Elaine perform at:

- *The Lamp Post Inn (Pine Beach)*
- *La Gondola (Lakehurst)*
- *Alba's (Lakehurst)*
- *Rivoli's Grill (Howell)*

As well as local senior communities such as Leisure Knoll, Leisure Village, Renaissance, Greenbriar & Holiday City.

All proceeds benefit Somebody CARES, Inc. a 501(c)(3) nonprofit organization.

Slow Cooker Buffalo Chicken Dip

This Slow Cooker Buffalo Chicken Dip is made with rotisserie chicken, ranch dressing, cream cheese, cheddar, and buffalo sauce for a creamy game-day dip. We love serving this dip the entire football season.

Ingredients:

- 1 rotisserie chicken, cut and chop chicken, discard bones and skin
- 12 oz. Franks Red Hot Buffalo Sauce
- 16 oz. Hidden Valley Ranch Dressing
- 8 oz. cream cheese
- 2 cups shredded cheese, I use Sargento 4 cheese blend
- green onions for topping the dip

Instructions:

1. Add the chicken, hot sauce, ranch, cream cheese and cheddar. Stir.
2. Cover and cook for 2 hours on high. Stir 1-2 times during the cooking time, the cheese tends to stick to the edges.
3. Top the dip with green onions if desired.
4. Serve with desired dippers and enjoy!
5. Switch the slow cooker to warm for your party, keep an eye on it for it still can scorch on warm. Stir often.

Baking Instructions:

Place in a preheated 350 degree oven and bake uncovered for 30 mins.
